### DoD Helpline for Service Members, Veterans, and Families

- Toll Free (inside US): 1 (800) 796-9699
- Toll Free (from Europe): 00800-8666-8666
- Local Number: (202) 782-6563; DSN: 662
- Available to all active duty, reserve component, and retired service members and their families as well as deployed DoD civilians
- Deployment-related health questions or concerns
- Patient support and advocacy

## DHCC Resources

### Specialized Care Program (SCP) Referrals

- Local Number: (202) 782-6563; DSN: 662
- Military health system clinicians can refer patients meeting admission criteria to the program
- Intensive, three-week, multi-disciplinary rehabilitation program

### Daily DHCC E-Mail Newsletter

- Covers health issues related to military service and deployments including:
  - Environmental and occupational health
  - Medications and immunizations
  - Biological and chemical warfare
  - Medically unexplained symptoms
- Subscribe at [PDHealth.mil](http://PDHealth.mil), DHCC Newsletter

### Clinical Education and Training

- Consult the Education Section of [PDHealth.mil](http://PDHealth.mil) for conference announcements, a multi-media training center, events archive, and distance learning opportunities

### Deployment-Related Clinical Research

- A robust research program including randomized clinical trials, health services research, program evaluation, and other projects aimed at better understanding and treating deployment-related health concerns.

For information on current studies, please refer to [PDHealth.mil](http://PDHealth.mil)
